Its ultra-modern look houses the latest innovative technology, like brilliant, multi-beam laser color delivered at up to 75 pages per minute as well as black and white up to 85 pages per minute.

> 1,200 dpi x 1,200 dpi, 2bit color (PostScript 3) for genuine laser quality

Simple, smart and stylish.

A new 9" tablet-style touch screen with an embedded web browser is easy to use and customizable to meet your needs. And, it is part of the bold new look being introduced across the e-STUDIO series.

INNOVATIVE FEATURES, VERSATILE CONNECTIVITY.

The Toshiba e-STUDIO7506AC series helps workgroups connect, integrate and simplify while improving efficiency, productivity and the professionalism of presentations.

Higher Robust Speeds include 55/65/75 brilliant color pages per minute and 65/75/85 monochrome pages per minute, respectively.

Fast Dual-Scan Document Feeder handles up to 300 sheets at a time and seamlessly scans both sides of each page in a single pass to produce a full 240 images per minute (IPM).

Fast First Copy Out Times include 6.4/6.4/5.4 seconds for full-color printing and 5.2/4.5/4.1 seconds (respectively) for black and white printing.

9" Tablet-Style Touch Screen works intuitively, helping you access instructions, functions, and commands with the swipe of the finger.

Banner Printing produces impressive signage as large as 12" x 47" using our unique AquaAce media.

Print Around eliminates printing bottlenecks by allowing other print jobs to go around one job that's held-up due to requiring a specific paper size, type or, in some cases, color toner.

Limitless Job Reservation will queue up multiple copy or print jobs so users can send jobs whenever.

Saddle/Fold Capabilities offer saddle-stitch finishing and the ability to fold without stapling.

Scan-to and Print-from USB lets you print straight from your USB drive or scan documents to it.

Advanced e-BRIDGE Next Technology enables the MFP to drive Toshiba's internally developed embedded solutions or those from a third party with ease.

Notifications Feature takes the hassle out of checking for depleted supplies or maintenance needs.

Paper Volume Indicators on the front panel make it easy to see the paper sizes, types and levels in each cassette.

Help Button provides instant, thorough explanations straight from the manual to help as needed.

TOSHIBA INNOVATION
AT ITS FINEST.

When it comes to seamless workflow and simplified integration, the e-STUDIO7506AC series represents the finest Toshiba has to offer. The latest e-BRIDGE Next technology enables complete third-party integration and support for internally driven solutions. A universal driver along with PCL 6, PS3, and XPS support provide fast and easy connectivity to Windows®, Macintosh® and more.

> FIPS 140-2 Validated SED meets and exceeds government requirements
> IPsec is available to securely encrypt data sent to and from the MFP
